.@al0hastyle is ROCKS. ROCKS is a neo Nazi. No exaggeration, no joke, no mistake.

Rocks is the best psyop specialist I've seen in the altright. Go look at his account .@leeving6 for one of his old accounts.

He is manipulating his way into the left. His BFF is RealDougStewart

Pedophilia is one of many paraphilias, and possession of a paraphilia doesn't make a person more likely to commit crime or breach of ethics.

A *paraphilic disorder* is a paraphilia that is currently causing distress or impairment to the individual or

specific focus on nongenital body parts), and transvestic disorder (engaging in sexually arousing cross-dressing). These disorders have traditionally been selected for specific listing and assignment of explicit diagnostic criteria in DSM for two main reasons: they are relatively common, in relation to other paraphilic disorders, and some of them entail actions for their satisfaction that, because of their noxiousness or potential harm to others, are classed as criminal offenses. The eight listed disorders do not exhaust the list of possible paraphilic disorders. Many dozens of distinct paraphilias have been identified and named, and almost any of them could, by virtue of its negative consequences for the individual or for others, rise to the level of a paraphilic disorder. The diagnoses of the other specified and unspecified paraphilic disorders are therefore indispensable and will be required in many cases.

SMUT PEDDLERS LYRICS

"State Of The State"

Ignorant people and the L.A. TImes endorse racial quotas and affirmative action
If you don't they depict you as a criminal mind from a radical right wing extremist faction
You missed the Holocaust and you never owned a slave
and you live on the street, not a cotton plantation
But they'll tax you to death, 'til you go to the grave because an Escalade driver wants reparations
That's the state of the state, it's all fucked up
Every panhandling bum on the street has athletic shoes and a fucking sag
The man on T.V and the people you meet say you're homophobic if you're not a fag
Illegal aliens living high on the hog
in the latest styles with a new cell phone
You paid for his car yet you live like a dog,
working your fingers right down to the bone
All these other place like Oregon, Arizona and Colorado have good bowls in their parks
We could too if all of our money wasn't spent to bankroll narcs
How can you blame the kids for wanting to get high
When you look at the crap they've got to skate it just makes you want to die
The money we spend on the lottery was supposed to

If you knew how many people I have reported for various TOS violations you wouldn't say that .. not all were "white" or Nazis or alt right

That one never fails! When you need ammo, call someone a "pedo" or a "fed" .. it is all old hat!

If you had been reported, Twitter would have emailed you and requested you remove a specific tweet (IF it was a TOS violation)
